J.R. O'Neal Botanic Gardens

At the site of the century old Agricultural Experiment Station, the Botanic Gardens are a beautiful oasis in the center of Road Town. They are named after the National Parks Trust's first Chairman, Joseph Reynold O'Neal who was a leading figure in the formation of the National Parks Trust and the establishment of the BVI's first national park, Sage Mountain National Park.

Established in 1986, this 4.5-acre garden displays a beautiful array of indigenous and exotic flowers and plants, in addition to the tropical birds that make the Garden's miniature tropical rainforest their home.
